**Enniskillen Royal Grammar School – CEIAG Bulletin**

**Week Beginning Monday 9th May 2022**

## Ulster University Community Scholarships Care Experienced - Year 14's

These scholarships aim to increase access to higher education for new students entering full time undergraduate courses across the Belfast, Jordanstown, Coleraine and Magee campuses. These scholarships are in place to support care experienced pupils and to ensure they are able to settle into university life, giving them an equitable chance to do well in their studies and reduce financial barriers.

**Applicants must be in receipt of an offer from UU and have confirmed UU as their first choice.**

Additional widening access criteria is available online.

Applications close on 24th June 2022. **To Apply online and for more information including Full Criteria**, please visit: www.ulster.ac.uk/communityscholarships

**KPMG** has announced the 2022 Queen's Scholarship Programme, with applications now being open.

Students who are hoping to start a course in Queen's Management School in September 2022 are eligible to apply. The scholarship includes £3,000 per year, a laptop, internship opportunities and mentoring from a KPMG professional throughout university.

**Application closing date – 24th June 2022**

Please see the KPMG website for more details: kpmg.ie/qubscholarship

## Women in Engineering opportunity with Abbott

As part of their **SG335 Bachelor of Engineering in Mechtronic Systems degree**, multinational company Abbott are looking to recruit 10 female engineers from across Ireland into the programme. As part of their studies, students spend three days per week in the workplace and two days per week studying online with ATU Sligo. For more information please contact Stephen Aitken from Work Based Learning on Aitken.Stephen@itsligo.ie or contact Amanda Peters from Abbott on amanda.peters@abbott.com

## CME Group – Apprenticeship Opportunity

Are you torn between wanting to go to Uni to further your education and getting a job to start earning some money? CME Group in Belfast, could have the solution…….

They are looking for keen and enthusiastic, inquisitive, driven bright school or college leavers with a passion for all things IT to join them as a Higher Level Apprentice. They are partnering with Ulster University, to create a programme where you'll be studying a Computing Systems BSc degree, part time as well as working for CME Group, up to 4 days a week.
