NHS Allied Healthcare Work Experience - Sunday 2nd April.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with a variety of healthcare professionals and what it's like to work in an NHS multidisciplinary team. This includes:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make informed career decisions and demonstrate their commitment to healthcare in their UCAS applications. Students are awarded a Work Experience Certificate for every session they complete. Those who complete the full 5-month programme will be awarded a Highly Commended Reference from the Presidents of Allied Healthcare Mentor. Students can register individually at any time throughout the 5-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Applications are now open for the following two programmes at PwC:
Virtual Insight Programme (for Year 12 & 13 students in NI)
Students will have the chance to learn about different PwC business areas, PwC culture and ways that you can join the company through interactive sessions over three days. Students will receive guidance and top tips on the application process and support building your skill set to prepare you for the workplace. Apply here.
Career Launch Work Experience programme in Belfast (for Year 13 students in NI)
Students will spend five days in PwC offices, meeting PwC people, building employability skills and finding out what it would be like to work at PwC. PwC will pay a salary to the student during the programme in addition to covering travel expenses and lunch. The best thing is that students have the opportunity to have application fast tracked for one of the PwC school leaver roles after the work experience. Apply here

Cambridge University - Virtual Pre-University Summer Programme is now open for student bookings. They will be offering two entry points:
Option 1: Monday 3 July to Friday 14 July 2023
Option 2: Monday 24 July to Friday 4 August 2023

SCAN ME

Aimed at 16- to 18-year-olds, this two-week programme provides students from across the globe with an opportunity to explore a wide variety of subjects as they prepare for future undergraduate study at leading universities.
The programme is taught largely through pre-recorded talks delivered by Cambridge academics and invited subject specialists, with the requirement for students to respond, on a daily basis, to many of these talks on a shared student forum. The programme also offers sessions on study skills, careers, and how to apply to a UK University. Live Zoom sessions will also give students the opportunity to talk to current Cambridge undergraduates, as well as the Programme Director, Dr James Grime. The programme provides students with a safe – and affordable – way to experience university-level material, to expand their horizons, and to question their own subject choice and motivation for study at a leading global institution.
Each two-week programme is identical: students' book to study just one option. The cost of the programme is £295. To find out more please visit the website: www.ice.cam.ac.uk/pup

The Sentinus Research Academy gives students in Year 13 the opportunity to experience real research and development projects, hosted by local companies and organisations. Taking place from late June to end of August, projects are carried out virtually with some visits to project hosts' sites, where possible, and last 4 weeks. Projects will be supervised and validated by local universities and professional organisations. Subject areas covered by placements include: biomedical science; biochemistry; neuroscience; environmental biology; chemistry; quantitative social science; psychology; geography; engineering; astrophysics; maths; computer science/IT.

The Nuffield Research Placement programme are open for applications for 2023. This successful programme offers a variety of placement opportunities in the diverse area of STEM. Closing Date: **31st March 2023**. Places are limited so Apply Today and help increase your career prospects. Click here for further information.

Year 13 - Sutton Trust Summer School – Applications Open Now
The Sutton Trust Summer School in 2023 will take place from 7th until 11th August. This will involve some online sessions followed by a 3 night residential. The University of Glasgow joins 12 other leading UK universities in partnership with the Sutton Trust to offer a week-long summer school aimed at Year 13 pupils. The summer school provides students with an opportunity to learn more about university life. Successful applicants will attend academic sessions on a variety of subjects and hear from current undergraduate students about what studying at Glasgow is like. The summer school also provides an opportunity to meet other students with similar interests. They offer six different subject streams to match your academic interests: Arts & Humanities, Common Law, Engineering, Life Sciences, Medical Sciences and Social Sciences.
